Welcome to Café Lagunen

When I started here in 1999, there was only a small barbecue house. In 2003, Café Lagunen (The Lagoon Café), which is also the club house for the local Guldborgland Boat Guild, was inaugurated. Ever since the café has evolved into what it is today. We have many regular customers served by a good and solid staff.

We can arrange brunches, birthdays, weddings, christenings and funerals. The dish of the day is served every day and is - just like all of our dishes - made from fresh ingredients.

We are on Facebook and have a cozy guest book on the website www.cafelagunen.dk.

In 2008, my childhood friend Tina, my husband Morten and I also opened Spisestedet Liva (The Eating Place Liva) in Nykøbing. This restaurant is well worth a visit. Check out www.spisestedetliva.dk

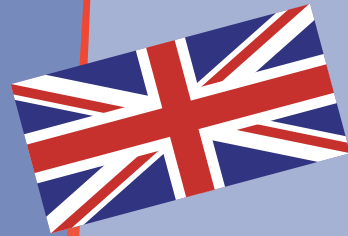

Yours sincerely Karina
